

Presenter Seminar Guest Registration

Presenter Seminars will focus on the complexities of second language learning and effective instructional planning. Attendees will engage in a vibrant professional learning community specifically designed to prepare them to present professional development Institutes (once certified) and support others in implementation.

Content & Outcomes	Seminar guests will: <ul style="list-style-type: none"> ◆ Become familiar with Institute content and materials ◆ Learn from participating team members the specific attributes and needs they may have in order to provide strategic assistance and allocate appropriate resources ◆ Develop strategies to support effective site and district level implementation
Who should attend	District/Region Leads who are interested in joining and supporting their team during the Seminar. Other individuals who are interested in developing a deeper understanding of the presentation content in order to provide strategic support during district Institute presentations and ongoing implementation.
