

A Focused Approach
 Systematic English Language Development
Leadership Seminar

District Team: Intent to Apply

If your district has an Implementation Plan, we invite you to apply for a team of two or more leaders to develop site/district capacity to provide professional development institutes and/or support implementation. Participants may pursue certification to present the Elementary or the **new** Secondary version of the **Systematic ELD Handbook**. All participants will be better prepared to support implementation. The district administrator serving as the Team Lead is encouraged to participate in seminar activities. We thank you for your interest.

Systematic ELD presenters, once certified, can co-present institutes for teachers in the sponsoring school district. They are provided with a Presenter Kit and PowerPoint presentations; presenter notes; implementation resources; and online access to updates, revisions, additional resources, and ongoing support. Presenter certification is valid for one year and may be renewed by participating in annual ongoing certification events and an online learning community.

Purpose of Seminar

Participants in the Systematic ELD Leadership Seminar will deepen their understanding of current research of second language learning, a Focused Approach framework, and effective instructional planning. They will also engage in a vibrant professional learning community specifically designed to prepare them to support others in providing Systematic ELD instruction.
