

Supporting Systematic ELD Implementation

2010 Ongoing Certification Event

E. L Achieve invites you to participate in one of our annual events bringing certified presenters and district/team leads together to share insights and deepen understanding of Systematic ELD from institute delivery through implementation support.

We will begin the day as a whole group, sharing successes and learning updates relevant to K-12. Then you will have the opportunity to meet in smaller, grade-span specific groups to learn about new developments and hear about each other's experiences.

- Session Outcomes**
- Enhance ability to support implementation efforts by learning more about professional development research and using the Systematic ELD Planning Cycle.
 - Deepen understanding of the relationship among oral language, reading comprehension, written expression and learn new tools to strengthen the role of reading and writing in Systematic ELD instruction.
 - Share new activities and professional resources
